

**"REACH FOR THE STARS" Reading Incentive Program  
To Benefit ABC Elementary School**

Dear Sponsor,

The REACH FOR THE STARS reading incentive program is designed to foster a love of reading in our children while raising high quality books for our school. *This is an exciting program for ABC Elementary School - and we need your help to make it a success!*

**100% of the money collected from the Reach For The Stars program will go back to the school:**

**50% in books to the school**

**50% in books to the children** (children will choose books to keep for their own)

The children will read for a total of 300 minutes over a ten day period. **We are asking you to sponsor them a flat amount for their efforts (not per minute).** All sponsors' pledge money will be collected and be brought in to school, then the children will choose their books to take home.

**Thank you for your support!! Today's readers are tomorrow's leaders!!**
